Content Features	100% PVC face, polyester jersey knit backing - Phthalate-free - Flame Retardant (FR) free - Formulated with EU and EPA FIFRA registered and approved biocides
Finish	PreFixx [®] protective finish for increased stain resistance and easy cleaning. Bleach cleanable and may be disinfected with a variety of hospital grade disinfectants without discoloring or damaging the finish. Disinfection does not replace the need for regular care and maintenance. For a list of recommended disinfectants, view the Coated Fabrics Chemical Resistance Technical Bulletin located at https://www.omnova.com/fileadmin/Resource_Center/Coated_Fabrics/Technical_Bulletins/OMN-ChemRes-TB.pdf .
Weight	36 oz./lin. yd [24 oz/yd ²] / 1,089 g/lin. m [794 g/m ²]
Width	54 in [137 cm]
Performance Requirements	Meets or exceeds ACT Performance Guidelines CFFA Healthcare 201 Certified

Also meets or exceeds:

- CFFA-1a Wyzenbeek - 1.3 million double rubs (cotton duck abradant)
- Fungal resistance ASTM G-21-13
- Bacterial resistance AATCC 147-2011 & AATCC 100-2004
- BIFMA, Class A
- California Technical Bulletin 117-2013, Section 1
- IMO Part 8 Upholstered Furniture 3.1 Smoldering Cigarette
- IMO Part 8 Upholstered Furniture 3.2 Propane Flame
- NFPA 260, Class 1
- UFAC Fabric, Class 1

Applications	Indoor/Outdoor • Corporate Office • Food Service • Healthcare • Hospitality and Entertainment • Recreational Vehicles • Retail • Marine
---------------------	---

Though our upholsteries can be used in many applications, customers are responsible for selecting an upholstery with attributes that meet the requirements of the specific end-use application – not all upholstery is suitable for all applications.

Multiple factors affect fabric durability and appearance retention, including end-user application and proper maintenance. Wyzenbeek results above 100,000 double rubs have not been shown to be a reliable indicator of increased fabric lifespan.

For additional cleaning instructions and detailed specification information, visit: www.omnova.com
